### The Number and Percentage of Votes on the ACLU's Side by the Justice(s) Nominated by Each President

This chart shows which president put which justices on the Court, how many ACLU cases each "President's Justice(s)" voted on,<sup>23</sup> and the percentages of cases in which each president's justice(s) sided with the ACLU.

For example, the chart shows that Lyndon B. Johnson put two justices on the Court, and those two justices voted on 580 ACLU cases, voting on the ACLU's side 472 times. Therefore, Johnson's justices voted on the side of the ACLU 81.38%, the highest percentage of presidential justice votes on the ACLU's side.

The last president, Donald Trump, put two justices on the Court. Those two justices voted 51 times on ACLU cases, voting with the side of the ACLU 11 times, or 21.57% of the time, the lowest percentage of votes on the ACLU's side.

<sup>23</sup> Presidents were not considered to have nominated a new justice when they elevated a sitting justice to chief justice.
